# INSPIRED BY A LIFE IN THE SUN

With over 25 years of personal experience as a fishing guide in Montana and Florida, Austin Lowder has spent thousands of days exposed to a diverse range of harsh conditions. Years of exposure to the elements took a toll which led Austin to conclude that protection and comfort for the head was the single most important thing to enjoy the great outdoors. Trying every conventional head protection available, Austin realized that all these existing products were full of compromises that fell short of what outdoor workers and enthusiasts truly needed: full-day comfort and protection in any environment. This need became the product solution which gave birth to Riff Headgear. Using a unique patent-pending design utilizing innovative double-layered fabric which provides ongoing ventilation, Riff was put to the test for two years. Innovations were inspired by our own experiences and those of outdoor professionals who spend their lives in the most extreme outdoor conditions. At Riff, we believe that great gear shouldn't just protect you: it should make your outdoor life better.

# DESIGNED & DRIVEN BY USER NEEDS

**MOSSY OAK**

Internal Front & Back Bungees provide adjustable fit and custom user experience

Integrated Glare Guard firmly molds around nose, preventing fogging and protecting from sun glare

Rare Earth Magnet Clasps allows the Face Shield to be easily opened, closed or completely removed

Cool Vents provide continuous airflow through the mask to the head, even in low-wind conditions

Face Shield provides easy access to the face and mouth, and offers protection from harmful UV rays, wind, bugs and rain

Strategically placed D-Rings keeps tools & accessories conveniently close at hand

The Riff Mask's functional design and lightweight UPF fabric can be utilized for any number of outdoor professions and activities. The Riff safety colorways can fundamentally change the way outdoor workers, such as construction workers, highway workers and law enforcement protect themselves from the sun and elements while on the job.

If you have questions about custom Riff Mask colorways, please contact a Riff sales agent for pricing, MOQ and development.

# ORDERING INFORMATION

## MINIMUM ORDER QUANTITY: 50 UNITS

Minimum Order Quantities & Sizes can be mixed (different patterns) or all same. Special order minimum quantity is 200 units per pattern/color.

## PRODUCT AVAILABILITY AND SHIPMENT

Typical product orders ship to buyer in 2 days. Buyer can arrange shipment from RIFF warehouse or RIFF can ship orders via US Mail Ground, UPS or Fed-Ex. Special Orders ship 90 days from order date with similar shipping methods.

## ORDERING AND PAYMENT

Buyer can use the Riff order form (attached) to place an order. Payment is required via credit card. Special financing arrangements are available by request to accommodate buyer needs.

## POP AND DISPLAY

A Riff POP display kit consists of a display mannequin (buyer provides samples) and a Riff Headgear Features callout poster. The display kit costs \$100 each. Display kit is free with orders of 75 units or greater.

## RETURNS AND EXCHANGES

All returns and exchanges must be made no more than 60 days from the date of purchase, and pre-approved by Riff. Upon approval, Riff will send a Return Authorisation Number, which must be affixed to outside of packaging and in internal documentation.

## CO-BRANDING

Co-Branding opportunities are available for buyers wishing to print art on Riff products at the wholesale level for additional cost. Examples on next page.

# CO-BRANDING

Riff Headgear offers a variety of exciting ways to display brands, businesses and passions right where others look the most - the head. Custom logos can be printed onto all Riff products, perfect for brand exposure and partnership opportunities. For pricing, MOQ and lead times, please contact a Riff sales agent.

The above photos are Digital Renderings; brands and logos used are for example purposes only, and Riff LLC does not imply ownership or partnership with these brands.
